

Make room for wheelchairs in your vehicle with flexible flooring and secure restraints

Vapor Ricon – the market leaders for vehicular wheelchair lift platforms, has formed a collaboration with Handicare to launch their NEW flexible flooring/ restraint system for securing wheelchairs in vehicles.

Ricon Handifloor

Ricon Handifloor is the innovative flexible flooring system which provides access for wheelchairs.

- Minimal tracking required
- Instantly change the interior layout
- Move seats easily along the bonded rails
- Aluminium base to attach Ricon Secure restraints
- Suitable for most vehicle types from all major manufacturers

Ricon Secure

Ricon Secure is one of the strongest wheelchair and occupant restraints on the market.

- ISO 10542 compliant
- Safely and comfortably secures the chair and passenger within the vehicle
