

Vapor Ricon Ramps – the economical and easy route to vehicular access

| Product Code | Product Size |
|--------------|--------------|
| 800448 | 1800 x 800mm |
| 800449 | 2000 x 800mm |
| 800450 | 2200 x 800mm |
| 800451 | 2400 x 800mm |
| 800460 | 2500 x 900mm |

R-Series Ramps from Vapor Ricon offer you an economical solution for accessing any vehicle. They are especially designed to provide safe access and egress for wheelchair/mobility scooter-users, carers / assistants.

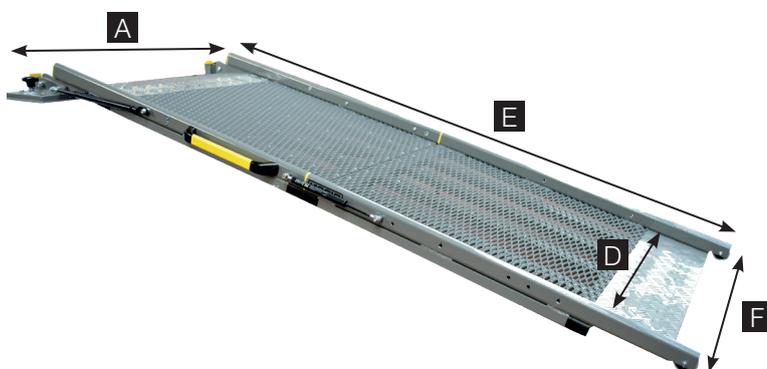

- Designed for installation in minibuses, ambulances and other welfare and Patient Transport System vehicles
- For loading bulky items in a quick, easy and effective way
- Lightweight construction featuring a tighter non-skid mesh platform for greater rigidity and improved performance
- Safe Working Load of 300 kg
- Self-contained modular design
- Enables you to deploy and stow away in seconds
- Gas struts ensures the ramp can be operated easily and safely by a single operator
- Left or right side handle location
- The quick release system allows the ramp to be removed from the vehicle when not required
- When closed, the specially designed locking mechanism vastly reduces vibration and noise during travel
- Available in a wide range of lengths of: 1800, 2000, 2200, 2400, 2500
- Available in two widths: 800mm and 900mm (Add an extra 50mm to include side rails)
- For 800 wide platforms, base plate is 1000 x 180mm
- For 900 wide platforms, base plate is 1100 x 180mm
- Designed in accordance with; and tested to BS6109:2

Advanced Vapor Ricon technology features reliable performance and user-friendly design
